

We lift up all the students preparing for and taking their GCSE exams.

In this time of pressure, uncertainty, and challenge,

Grant them calm minds, steady hearts, and clear focus.

Help them to remember all they have learned,
To do their best with honesty and perseverance,
And to know that their worth is never defined by grades alone.

Be with them in moments of stress or self-doubt.

Give them peace in their minds and strength in their spirits.

Support their families, teachers, and friends,

That they may offer encouragement, patience, and love.

Whatever the outcome, remind them that there is hope,
That life holds many paths and possibilities,
And that they are never alone on the journey ahead.

Amen.
